

Adelante Youth Mission - Misión Joven Dominicana 2019

Week 1 Missionaries

Week 2 Missionaries

Thank you for your support of Misión Joven! We could not have done all of this without your help! ~Fr. Joachim

HOME CONSTRUCTION - In March of 2019, 25 U.S. volunteers worked side-by-side with about 35 Dominican volunteers to construct new, clean and sturdy homes. Thirteen new homes were built and some of them also included new furnishings! All of this is only possible because of the generous donations received and diligent hard work of the volunteers. The reward of providing simple life necessities is a wonderful feeling.

MEDICAL CLINICS - Thanks to the medicine & supplies from generous local U.S. donors, the medical team treated over 800 patients! Two U.S. physicians and five D.R. physicians teamed up with us this year to distributed hundreds of pounds of mostly over the counter items that we all take for granted. We were also blessed with an ophthalmologist who examined and gave out hundreds of donated eye glasses.

EDUCATION - The education team focused on working in two different public schools to model the most advanced methods of how to teach first and second graders how to read, bringing with them over five hundred pounds of supplies! **Reading is for a lifetime of success, growing and learning. You never unlearn how to read!**
